

QUALITY POLICY

blu-3

1. blu-3 UK Limited aims to “Deliver Excellence”, that is without defect, to client requirements and according to the contract specified standards, conditions and engineering standards.
2. To achieve its mission to “Deliver Excellence” blu-3 UK Ltd. has implemented an Integrated Management System (IMS) which, supports its strategic direction and is appropriate to its business of civil engineering and utility infrastructure.
3. The IMS holds the relevant documentation for providing the quality standards to which blu-3 UK Ltd. is committed and for meeting the requirements of: BS EN ISO 9001:2015; regulatory; client and local authority standards and practices where applicable.
4. The IMS is available and communicated to all blu-3 UK Ltd. staff across the business via SharePoint as well as through the corporate induction syllabus. Subcontractors and suppliers are briefed, where applicable, prior to their commencement of works.
5. A Quality and Compliance Manager has been appointed by blu-3 UK Ltd to maintain, communicate and audit the IMS internally and to ensure that it is effective and suitable for the delivery of quality assurance throughout the company.
6. The Directors of blu-3 UK Ltd. are committed to:
 - a) Satisfying all applicable business requirements as detailed within the IMS;
 - b) Conducting monthly Board meetings and annual management reviews, to identify opportunities for the continual improvement of the effectiveness of the IMS, to provide authority and resources to attain improvements that have the ability to meet changes in the business, applicable standards and business environment;
 - c) Providing the framework for setting quality objectives and regularly reviewing progress against them through formal audit, inspection and reporting;
 - d) Communicating this quality policy, quality objectives and the importance of delivering to client requirements to everyone who works for blu-3 UK Ltd.; and
 - e) Making this quality policy available to relevant interested parties as appropriate.
7. Quality Assurance at blu-3 UK Ltd. is measured throughout the programme of works by internal inspections and audits, in conjunction with external audits which, provide an independent monitoring perspective for added assessment of delivery and compliance to quality management processes within the IMS. The director commitments listed in item 6 above, are to be applied, at all times, throughout the contract term and during all guarantee periods.
8. This policy will be reviewed annually.
